INDEX

A, vitamin, deficiency: case report, 33
Acid, amino, metabolism in patients with acute leukemia, 653
mixtures, amino, given intravenously, studies on metabolism and disposal of, 381
Acids, amino, and proteins (BR), 112
Address changes of members of Academy, 704
Adolescence, disease of nervous system in infancy and childhood and (BR), 636
"premature pubarche," constitutional variation of; precocious growth of sexual hair without other secondary sexual development, 426
Adoption, black market in babies, 355
Adrenal hyperplasia, congenital, further studies on treatment of with cortisone. IV. Effect of cortisone and compound B in infants with disturbed electrolyte metabolism, 397
Adrenocortical tumor, adrenogenital syndrome in male child due to adrenocortical tumor: report of case with hemihypertrophy and subsequent development in embryoma (Wilms' tumor), 19
Adrenocorticotrophic hormone (ACTH) therapy of nephrotic syndrome in children, 543
Adrenogenital syndrome in male child due to adrenocortical tumor; report of case with hemihypertrophy and subsequent development of embryoma (Wilms' tumor), 19
Adults, children and, tuberculosis among (BR), 376
Agerty, Horst A., and Seitchik, J. N., 28
Airflow and pneumographic studies, respiratory patterns in newborn infants as determined by and their possible relationship to deficient vagal mechanism, 272
Allen, Fred H., Jr., Yi-Yung, Hsia, D., Patterson, P., Diamond, L. K., and Gellis, S. S., 243
American Academy of Pediatrics, Proceedings and Reports, 60, 218, 335, 490, 702
Address changes and deaths of members, 704
Central office, Evanston, Ill.: condensed statement of cash receipts and disbursements for fiscal year ended June 30, 1952, 702
Preliminary program, Twenty-First Annual Meeting, 218
President's page, 335
Round Table Discussion, 60, 68, 223, 337, 490, 710
Erythroblastosis fetalis, 337
Etiology, recognition, prevention and treatment of rheumatic fever, 490
Pediatric dermatology, 710
Preventive psychiatry, 60, 68
Problem of mental deficiency in children, 223
American Board of Pediatrics (SA), 721
diplomates certified, 110, 373, 743
American Pediatric Society, 109
Amino acid metabolism in patients with acute leukemia, 653
mixtures, studies on metabolism and disposal of given intravenously, 381
acids and proteins (BR), 112
Anderson, Frank M., 11
Anemia, hypoplastic, with multiple congenital defects (Fanconi syndrome), 286
Animal lungs, pressure-time relations in safe correction of atelectasis in, 593
Announcements, news and, 102, 240, 373, 511, 743
Anomalies occurring in children exposed *in utero* to atomic bomb in Hiroshima, 687
Antell, Leon, 306
Antibody, circulating, transplacental, passive, interference with active immunization by. Studies of immunology of newborn infant, 328
maternal, permeability of placenta to during fetal life. Studies of immunology of newborn infant, 450
Apgar, Virginia, Day, R., Goodfellow, Alice M., and Beck, G. J., 593
Arnheim, Ernest E., 198
Atelectasis in animal lungs, pressure-time relations in safe correction of, 593
Atomic bomb in Hiroshima, anomalies occurring in children exposed *in utero* to, 687

Australian pediatrics, some aspects of, 364

B, compound, cortisone and, effect of in infants with disturbed electrolyte metabolism. Further studies on treatment of congenital adrenal hyperplasia with cortisone, 397
Baby, your, and mine (BR), 512
Bain, James A., Waisman, H. A., Richmond, J. B., and Munsey, F.A., 293
BAL therapy in chronic lead poisoning, 603
Barondess, Jeremiah A., 732
Bass, Anne C., Etteldorf, J. N., Hill, F. S., Tuttle, A. H., Pinheiro, D., and Overman, R. R., 694
Beck, Gustav J., Day, R., Goodfellow, Alice M., and Apgar, Virginia, 593
Bedo, Andrew V., Giannattasio, R. C., Pirozzi, M. J., and Jennings, K. G., 603
Behaviour disorder, child, short term management of, 484
Behrle, Franklin C., and Miller, H. C., 272
Better home discipline (BR), 378
Bilirubin, metabolism of, 1
Birth and mortality rates among slave infants on southern plantations, 538
Black market in babies, 355
Blindness, retrolental fibroplasia: clinical observations, 433
Blood chemistry, alterations in caused by diarrhea during infancy as determined by direct analysis of plasma and erythrocytes, 694
eosinophil count, use of as guide to prognosis and treatment; fulminating meningococcemia treated with cortisone, 138
Boggs, Joseph D., Potts, W. J., and White, H., 253
Bomb, atomic, in Hiroshima, anomalies occurring in children exposed *in utero* to, 687
Book Reviews, 112, 242, 376, 512, 636
Amino acids and proteins, 112
Attaining manhood; attaining womanhood, 377
Behandlung Diabetischer Kinder: Ein Leitfaden für die Praxis (Treatment of diabetic children: Outline for medical practice), 113
Better home discipline, 378
Clinical pediatric urology, 242
Congenital dislocation of hip, 512
Diagnostik der Kinderkrankheiten, 242
Die Nervenkrankheiten (Diseases of nervous system), 636
Diseases of nervous system in infancy and childhood and adolescence, 636
Emotional disorders of children, 512
Other child, 376
Physiology of newborn infant, 379
Psychiatrie sociale de l'enfant (social psychiatry of child), 378
Translation of Galen's hygiene, 112
Tuberculosis among children and adults, 376
Your baby and mine, 512
Branch, LeRoy K., 677
Bridge, Edward M., Mulholland, W. M., and Fox, Helen W., 381
Bruch, Hilde, 575
Buckaloo, G. W., Lavik, P. S., Matthews, L. W., Lemm, Frances J., Spector, S., and Friedell, H. L., 667

Calcium oxalate, possible "inborn error of metabolism" with nephrolithiasis and nephrocalcinosis due to as predominating features; oxalosis, 660
Campbell, Meredith, 242
Carson, Merl J., and Poole, Belle Dale, 457
Cat scratch syndrome, 311
Cell pneumonia, giant, with inclusions, 681
Cervical lymph nodes, tuberculosis of, 131
spine, upper, in health and disease, mobility of, 567
Charity Hospital of Louisiana, 511
Chemistry, blood, alterations in caused by diarrhea during infancy as determined by direct analysis of plasma and erythrocytes, 694
Child behavior disorder, short term management of, 484
care, infant and, psychiatric aspects of changes in, 575
health, 505
President's Health Commission looks at, 237
male, adrenogenital syndrome in due to adrenocortical tumor; report of case with hemihypertrophy and subsequent development of embryoma (Wilms' tumor), 19
mother-child relationship. Psychosomatic study of infantile eczema, 581
other (BR), 376
social psychiatry of (Psychiatrie sociale de l'enfant) (BR), 378
Childers, John H., Willeford, G., and Hepner, W. R., Jr., 162
Childhood, hearing impairment in, 724

infancy and adolescence, diseases of nervous system in (BR), 636
combined pelvic and retroperitoneal teratomas in, 198
growth of thiocyanate space in, 115
hydrocolpos in, 306
leukemias of, prognosis for survival in, 48
neurologic manifestations of infectious mononucleosis in, 265
Children, adrenocorticotrophic hormone (ACTH) therapy of nephrotic syndrome in, 543
diabetic, treatment of: outline for medical practice (Behandlung Diabetischer Kinder: Ein Leitfaden für die Praxis) (BR), 113
emotional disorders of (BR), 512
exposed *in utero* to atomic bomb in Hiroshima, anomalies occurring, 687
problem of mental deficiency in (RTD), 223
with and without cystic fibrosis of pancreas, use of I^{131}-labeled protein in study of protein digestion and absorption in, 667
Children and adults, tuberculosis among (BR), 376
Children's diseases, diagnosis of (Diagnostik der Kinderkrankheiten) (BR), 242
Childs, Alfred W., Crose, R. F., and Henderson, Patricia H., 208
Chronic lead poisoning, BAL therapy in, 603
Clinical pediatric urology (BR), 242
Gogan, Gilbert, Nadas, A. S., Landing, B. H., and Shwachman, H., 319
Commission, Health, President's, looks at child health, 237
President's, on Health Needs of Nations, 348
Compound B, cortisone and, effect of in infants with disturbed electrolyte metabolism. Further studies on treatment of congenital adrenal hyperplasia with cortisone, 397
Congenital dislocation of hip (BR), 512
Familial nonhemolytic jaundice with kernicterus, 169
syphilis, gumma of stomach in, 162
Cooke, Robert E., and Cornfeld, D., 33
Cor pulmonale: clinical and pathologic observations; studies in pancreatic fibrosis, 319
Corner, George W., 377
Cornfield, David, and Cooke, R. E., 33
Cortisone, fulminating meningococcemia treated with; use of blood eosinophil count as guide to prognosis and treatment, 138
further studies on treatment of congenital adrenal hyperplasia with. IV. Effect of cortisone and compound B in infants with disturbed electrolyte metabolism, 397
and compound B in infants with disturbed electrolyte metabolism, effect of. Further studies on treatment of congenital adrenal hyperplasia with cortisone, 397
Cranial nerve involvement in poliomyelitis, prognosis of palsies from, 127
Craniosynostosis, importance of early surgical treatment of, 637
Cravioto Muñoz, Joaquin, Gómez, F., and Ramos Galván, R., 513
Crigler, John F., Jr., and Najjar, V. A., 169
Silverman, S. H., and Wilkins, L., 397
Crooks, Robert, Edmonds, A. M., and Hennigar, G. R., 40
Crose, Robert F., Childs, A. W., and Henderson, Patricia H., 208
Cutts, Norma E., and Moseley, N., 378
Cystic fibrosis of pancreas, use of I^{131}-labeled protein in study of protein digestion and absorption in children with and without, 667

Dancis, Joseph, Osborn, J. J., and Rosenberg, Blanche V., 450
Day, Richard, Goodfellow, Alice M., Apgar, Virginia, and Beck, G. J., 593
Deafness, hearing impairment in childhood, 724
Deaths of members of Academy, 709
Defects, congenital, multiple, hypoplastic anemia with (Fanconi syndrome), 286
Dermatology, pediatric (RTD), 710
reactivity of skin of newborn infant, 181
Development, growth and, use and abuse of new knowledge of in schools, 627
sexual, secondary, other, precocious growth of sexual hair without; "premature pubarche," constitutional variation of adolescence, 426
Diabetic children, treatment of: outline for medical practice (Behandlung Diabetischer Kinder: Ein Leitfaden für die Praxis) (BR), 113
Diagnosis of children's diseases (Diagnostic der Kinderkrankheiten) (BR), 242
Diamond, Louis K., 337
Yi-Yung Hsia, D., Patterson, P., Allen, F. H., Jr., and Gellis, S. S., 243
Diarrhea during infancy, alterations in blood

chemistry caused by as determined by direct analysis of plasma and erythrocytes, 694
Die Nervenkrankheiten (Diseases of nervous system) (BR), 636
Diet, infant, evaluation of meat in, 463
Digestion and absorption, protein, use of I^{131}-labeled protein in study of in children with and without cystic fibrosis of pancreas, 667
Discipline, home, better (BR), 378
Disease, health and, mobility of upper cervical spine in, 567
Diseases of nervous system in infancy and childhood and adolescence (BR), 636
Dislocation of hip, congenital (BR), 512
Dods, Lorimer, 364
Donohue, W. L., and Ying Chou, L., 660

Eczema, infantile, psychosomatic study of: I. Mother-child relationship, 581
Editorial, 114
Edmonds, Albert M., Hennigar, G. R., and Crooks, R., 40
Education, medical, three years' experience with affiliated rural resident training program, 457
Eldred, Myrtle Meyer, 512
Electrolyte metabolism, disturbed, effect of cortisone and compound B in infants with. Further studies on treatment of congenital adrenal hyperplasia with cortisone, 397
Electrophoretic analysis of serum proteins in premature infants, 527
Ely, Robert S., and Sutow, W. W., 115
Embryoma (Wilms' tumor), report of case with hemihypertrophy and subsequent development of; adrenogenital syndrome in male child due to adrenocortical tumor, 19
Emotional disorders of children (BR), 512
problems, some, associated with respiratory insufficiency in poliomyelitis, 444
England, news from, 634
Eosinophil count, blood, use of as guide to prognosis and treatment; fulminating meningococcemia treated with cortisone, 138
Erythroblastosis fetalis, 337
Erythrocytes, plasma and, alterations in blood chemistry caused by diarrhea during infancy as determined by direct analysis of, 694
Etiology, recognition, prevention and treatment of rheumatic fever (RTD), 490
Etteldorf, James N., Hill, F. S., Tuttle, A. H., Pinheiro, D., Bass, Anne C., and Overman, R. R., 694
Everist, Bruce W., 234
Eye, retrolental fibroplasia: clinical observations, 433

Fanconi syndrome, hypoplastic anemia with multiple congenital defects, 286
Fat disease of liver in infants on Isthmus of Panama, 150
Fecal soiling, psychogenic megacolon manifested by, 474
Feer, E., 242
Ferrous sulfate poisoning, 677
Fetal life, permeability of placenta to maternal antibody during. Studies of immunology of newborn infant, 450
Fetus, anomalies occurring in children exposed *in utero* to atomic bomb in Hiroshima, 687
Fibroplasia, retrolental; clinical observations, 433
level of hyaluronidase inhibitor in serum of premature infants with, 533
Fibrosis, cystic, of pancreas, use of I^{131}-labeled protein in study of protein digestion and absorption in children with and without, 667
pancreatic, studies in; cor pulmonale: clinical and pathologic observations, 319
Food and Drug Administration, FSA, 511

Willeford, G., and Childers, J. H., 162
Hill, Fontaine S., Etteldorf, J. N., Tuttle, A. H., Pinheiro, D., Bass, Anne C., and Overman, R. R., 694
Hiroshima, anomalies occurring in children exposed *in utero* to atomic bomb in, 687
Hirschsprung's disease—*See* Megacolon, congenital
Hodes, Horace L., Moloshok, R. E., and Markowitz, M., 138
Home discipline, better (BR), 378
Hormone, adrenocorticotrophic, (ACTH) therapy of nephrotic syndrome in children, 543
Howard, Fred H., and Meriwether, W. A., 150
Howland, John, Award Address, 82
Hyaluronidase inhibitor, level of in serum of premature infants with retrolental fibroplasia, 533
Hydrocephalus, subdural hematoma, complication of operation for, 11
Hydrocolpos in infancy and childhood, 306
Hygiene, Galen's, translation of (BR), 112
Hymen, imperforate, hydrocolpos in infancy and childhood, 306
Hyperplasia, adrenal, congenital, further studies on treatment of with cortisone. IV. Effect of cortisone and compound B in infants with disturbed electrolyte metabolism, 397
Hypoplastic anemia with multiple congenital defects (Fanconi syndrome), 286
Hubbard, John P., 237, 355, 505, 619

I^{131}-labeled protein in study of protein digestion and absorption in children with and without cystic fibrosis of pancreas, 667
Infancy, alterations in blood chemistry caused by diarrhea during as determined by direct analysis of plasma and erythrocytes, 694
prolonged obstructive jaundice in, 243
and childhood and adolescence, diseases of nervous system in (BR), 636
combined pelvic and retroperitoneal teratomas in, 198
growth of thiocyanate space in, 115
hydrocolpos in, 306
Infant, black market in babies, 355
newborn, immunology of, studies of. II. Interference with active immunization by passive transplacental circulating antibody, 328
intestinal obstruction in due to agenesis of myenteric plexus (congenital megacolon), 253
physiology of (BR), 379
reactivity of skin of, 181
studies of immunology of. III. Permeability of placenta to maternal antibody during fetal life, 450
and child care, psychiatric aspects of changes in, 575
Infantile eczema, psychosomatic study. I. Mother-child relationship, 581
Infants, fat disease of liver in on Isthmus of Panama, 150
newborn, respiratory patterns in as deter-

mined by airflow and pneumographic studies and their possible relationship to deficient vagal mechanism, 272
normal, stool frequency of in first week of life, 414
premature, electrophoretic analysis of serum proteins in, 527
experimental use of methyl testosterone and testosterone in, 28
with retrolental fibroplasia, level of hyaluronidase inhibitor in serum of, 533
slave, on southern plantations, birth and mortality rates among, 538
with disturbed electrolyte metabolism, effect of cortisone and compound B in. Further studies on treatment of congenital adrenal hyperplasia with cortisone, 397
Immunization, active, interference with by passive transplacental circulating antibody. Studies of immunology of newborn infant, 328
Immunology of newborn infant, studies of.
II. Interference with active immunization by passive transplacental circulating antibody, 328
III. Permeability of placenta to maternal antibody during fetal life, 450
Infectious mononucleosis, neurologic manifestations of in childhood, 265
International news, 634
International Study of Rheumatic Fever Treatment with ACTH, Cortisone or Aspirin, 240
